

2017-2018 FMDFP Application

Applications are now closed for the 2017-2018 Family Medicine Faculty Development Fellowship Program.

We accept 14-18 fellows annually. First priority will be given to faculty who currently hold teaching positions at a family medicine education program (medical student or residency). We also accept applications from other primary care specialties as space permits.

Candidates should be licensed physicians or individuals with a background in undergraduate or graduate medical education. Individuals from regional or UCSF-affiliated teaching programs will be given priority.

There is a tuition fee to cover costs of fellowship faculty and staff, training materials, facility use and other expenses. Scholarship support may be available.

All applicants must submit a curriculum vitae (CV) and at least one letter of support from current program director or chief.
